

October-Fire Prevention Month

Smoke Alarm Donation

This year Servpro is donating 1,100 smoke alarms to Berrien County Fire Departments. These are provided to you for distribution to residents in need. They are not for any type of commercial need.

Home Depot gave us a great per unit cost allowing us to purchase 400 more than 2012. We have also partnered with the **Red Cross** which has provided some Fire Prevention Check Lists in English and Spanish. Please make copies if you need more.

WSJM AM/FM is also helping with Public Service announcements. Please listen to the live broadcast Wednesday October 2nd as we will explain to residents how they can get smoke alarms from their local fire departments.

Wed Oct. 2nd with Zach East on 98.3 the Coast at 8:45am followed by "The Spot Light with Brenda Layne" on AM 1400/FM 94.9 at 9:00am

Ready for whatever happens.®
