

OUT OF THE DARKNESS

COMMUNITY WALK FOR SUICIDE PREVENTION

You answer the call everyday. Now we're asking you to answer one more.

Police officers, firefighters, dispatchers, EMS personnel, corrections officers, and all emergency responders are invited to join us for the AFSP Out of the Darkness Community Walk.

Every day, first responders witness trauma, loss, and crisis. This walk is an opportunity to come together, honor those we've lost and help create a culture where it's okay to ask for help.

Join us as we:

- Honor lives lost to suicide
- Support survivors and those struggling
- Raise awareness for mental health and suicide prevention
- Show that no one has to face their battles alone
