

This course explores the **“WHY”** behind Strategic Fire Command, focusing on its importance and implementation. The objective is to help departments transition to the Strategic Command model while ensuring compliance with the Berrien County Fire Chiefs’ ICS Guidelines.

Participants will examine real-world examples of how local departments have successfully adopted the Strategic Command and Tactical Boss framework. The class will also discuss the Berrien County ICS guidelines and their seamless integration with the Blue Card ICS.

Strategic Command & The Tactical Boss
