

You're Invited...

# NFSA "Hands On" Valve Trailer Training

## "Fire Sprinklers & Firefighters... Partners in Protection"

### NFSA President Shane Ray's "Modern Fires, Modern Fire Protection... Are We Ready?"

The modern fire environment has changed so much in the past 20 years that fire departments struggle to keep up. Changes in the uses, contents, and configuration of these buildings are causing unique challenges to the fire service.

The modern fire environment requires firefighters and fire officers to understand fire protection features of the building, especially active fire protection systems. Fire sprinklers and firefighters equal an unbeatable team.

Participants will participate in hands-on exercise with the NFSA Valve Trailer that features wet, dry, and pre-action system risers, and standpipe hose connections.

**Wednesday,  
June 18, 2025**

**9:30 am–1:30 pm (EST)**

*Lunch will be provided*

### **Southwest Michigan Regional Airport**

1123 Territorial Road  
Benton Harbor, MI 49022

*In partnership with  
Berrien County  
Fire Chiefs Association*
