

Dementia Training for First Responders & their families

As a first responder, it's critical to understand how to best approach situations involving someone living with dementia.

Make Your First Response the Right Response

If you encounter a person living with dementia in the community, would you know how to appropriately adjust your approach?

*First Responders **AND** family welcome to this event!*

Objectives:

- Understand Alzheimer's and dementia related diseases
- Identify communications & behavioral triggers
- Learn to decode verbal & behavioral messages
- Identify strategies to help connect & communicate
- Learn how dementia affects safety
- Recognize unsafe wandering and/or triggers
- Warning signs of unsafe driving
- Firearm safety
- Learn about community resources available through the Alzheimer's Association
